123 Elm Street ■ Anytown, ST 00000 ■ (000) 000-0000 ■ j_wilson@hotmail.com

Summary

Nine years experience as a **Test Technician** and **Lab Supervisor** performing test equipment calibrations for engineering firms and the US Air Force

Work Experience

NAME OF COMPANY, City, ST

Test Technician (02/04 to Present): Test and evaluate new radio frequency assemblies and troubleshoot to determine cause and remedy for malfunction, and conduct engineering tests.

NAME OF COMPANY, City, ST

Test Technician (01/03 to 11/03): Managed the Physical Dimensional Section of the Calibration Laboratory. Developed test procedures and performed test equipment calibrations -- Physical Dimensional, DC & Low Frequency, RF, Microwave, High Voltage, and Temperature.

Lab Supervisor (05/02 to 12/02): Managed lab workflow and \$1M budget. Trained and supervised five technicians. Performed test equipment calibrations and ensured accurate documentation to meet ISO 9000/2000, ISO 17025, and nuclear auditing requirements. Managed onsite calibration facility for an international nuclear customer and performed onsite calibrations for clients.

- Reduced man-hours 20-40 per month by restructuring the equipment flow process to eliminate redundant steps.
- Increased productivity and expanded test capability of laboratory through acquisition of more sophisticated, cost-effective analytical equipment located elsewhere in the company.
- Operated the lab at a 14-20% profit margin during a period when prices were contractually frozen.

UNITED STATES AIR FORCE, Base, City, ST

Calibration Technician Journeyman (12/95 to 04/02): Calibrated, troubleshoot and repaired Test Measurement Diagnostic Equipment (Physical Dimensional, DC & Low Frequency, RF, Microwave, High Voltage, and Temperature). Trained new technicians and maintained the Technical Order library. Earned USAF 5 and 7 level requirements for job proficiency and USAF Calibration Certification (PMEL).

Base Honor Guard NCOIC (05/97 to 07/99): Supervised and trained 65 members; coordinated all logistical requirements including transportation, lodging, and weaponry; and ensured mission accomplishment, often with less than 24 hours notice.

Military Service

Corporal, United States Marine Corp Reserves
Staff Sergeant, United States Air Force

05/03 to Present
12/95 to 04/02

Computer Skills

Microsoft Office XP and 2000, MS Word, MS Excel, Internet Explorer, Outlook, PowerPoint
